# 'RAPID FIRE' RULES

- Rapid Fire is a game played with two teams, one batting and one fielding
- Fielding teams have 8-10 players on field at one time. 3 peer support students (if available) and 5-7 inclusive students
- **NOTE** : a reminder that peer students (and teachers) are to ensure they remain in a supportive capacity and are not to take an opportunity away from any inclusive student(s)
- 2 players from the batting team strike 3 balls off each of the tees, one after the other
- Only once all six balls have been hit (3 each by both batters) can the batters then start to run between the two stumps
- Batters do not stop running until the fielding team return all balls to there original position on each of the six tees (3 tees at each batting end)
- Balls can be hit in any direction
- One run is awarded for every run the pair complete
- Cones on the field represent the '*Safety Line*' and suggested fielding team positions
- The fielding team cannot move from the '*Safety line*' until all six balls have been hit
- Fielding team may catch the ball if it is within reach. A successful catch will result in 5 runs been added to the fielding teams score, when they go into bat
- Fielders may physically carry the balls back to the tees, or throw to teammates.
- Once all balls are returned and placed on tees, the umpire will ask the batters to stop running, and the total runs scored is recorded.
- The batting team then sends out the next pair. Once all batters have batted once, the two teams swap over.
- If one team has less players than the other, then an inclusive player(s) will bat again to ensure that the same number of players bat for each team
- No pair may score less than zero
- The team with most runs scored is declared the winner
- For the Grand Final match ONLY, should at the end of the game, the score be tied, a super over will be played to determine the winner
- Maximum time for a game is 25 minutes, with no half time break
