76	Ursula Frayne College	8	UFC			
				28	Reserve Marshal	M1
				29	Reserve Marshal	M2
				30	Reserve Marshal	M3

**START LINE PROCEDURE:**

**Procedure:**

- **Marshalling:**
  - Runners are called to marshal 20 minutes before race start time and report to the marshals in the marques to have their number checked and timing chip allocated.
  - Runners then move to the marshaling line and stand in pairs behind their school signposts, approx 5 metres behind the start line. START LINE ASSISTANTS will check that runners are in the correct location and have the correct competitor number and timing bib.
  - Before the carnival, the ACC will randomly assign each school a position along the start line (1 – 60, from left to right).
  - Schools use the same start position for each race and the allocations will be re-assigned each year.
  - Runners should be positioned in pairs (2 behind 2) with the best runners at the front.
- **Start:**
  - Schools should have briefed and prepare their runners before the carnival for a massed start in pairs 2 behind 2.
  - On the starters command the START LINE ASSISTANTS will move up to the start line. The starter will then call the runners to the start line and take up their allocated school position on the line. This is directly in front of their school-marshalling signpost. There are no marks on the start line; the school signposts indicate position along the line.
  - Runners should be positioned in pairs (2 behind 2) with the best runners at the front. START LINE ASSISTANTS will ensure that runners are lined up in pairs (2 behind 2) ready for the start.
  - Race commences on the starters gun.
  - **Teams must not spread wider than the width of two runners on the start line and they may not move away from their designated start line position to try and take up a more favorable position on the start line.**
  - **The starter has the authority to give an official warning to any team(s) not lining up correctly for the start. If any team continues to disregard this warning, then the starter may disqualify a team for not lining up correctly at the start.**
